ABOUT ME

As an Information Technology student, I am a responsible and organized individual with a strong passion for technology and innovation. I am eager to gain my first professional experience and apply my technical knowledge in real-world scenarios. With a keen interest in learning emerging technologies and a natural aptitude for problem-solving through logical thinking, I bring both curiosity and discipline to every task. Additionally, I possess strong marketing insight and proven leadership skills, making me an effective team player and a confident team leader.
